

# WindTamer®

WindTamer is the most revolutionary design of privacy fence in the marketplace today. Not only is this design aesthetically appealing but it is designed to stand up to high velocity winds and field tested in hurricane exposed areas. The unique and exclusively designed rail creates ease of installation and requires not insert for longitudinal strength. This patented product that is exclusive to FPI has a tongue & groove picket that supersedes all other styles.

**WindTamer** *Picket*

**WindTamer** *Rail*

**WindTamer** *U Channel*

*Bottom Rail in Post with  
U Channel & Picket*

*Top Rail in Post with  
U Channel & Picket*

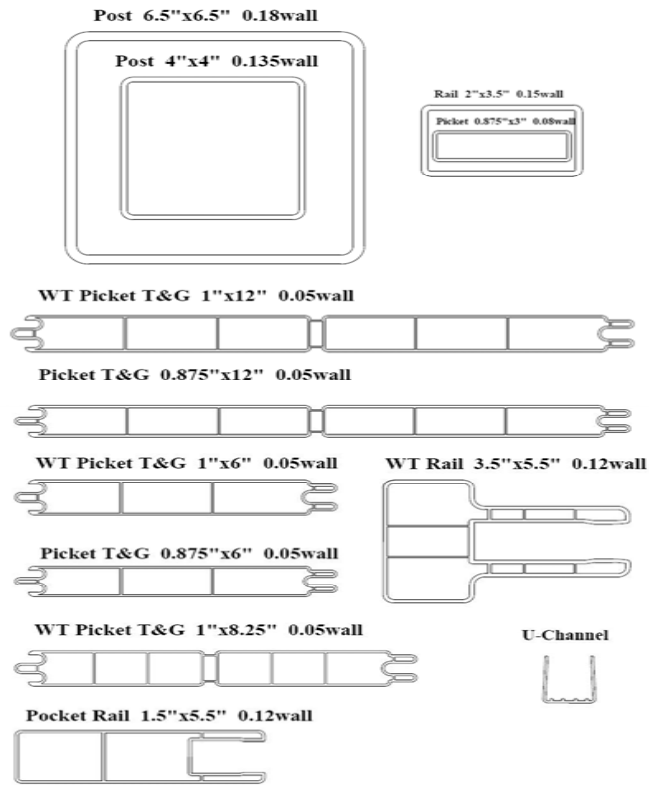

*Strong, Robust &  
Attractive in 2 styles*
